FEDERAL ENERGY  
REGULATORY COMMISSION

Dear Ms. Salas,

I am writing to you to express my concern regarding the industrialization of Long Island Sound. Liquefied natural gas does not belong in Long Island Sound. The LNG facility endangers the health and safety of Long Island Sound and should not be built. This facility limits public access and sets a dangerous precedent of industrializing the Sound.

Thank you for taking the time to hear out my concerns. I respectfully request a response in writing informing me of your position on this matter.

Sincerely,

*Amanda Torres-Stadnik*
